Agenda & Discussions:

1. AWS server testing.
We upload our homepage and other serval page on the server, and the homepage can operate well. However, a little accident had happened that the server had terminated accidentally and the testing page are all gone. Luckily, this is just a test, and we got familiar with the server, the sections will be tested on the server as soon as possible.
2. Poster designing.
An A1 size poster need to be designed, which will introduce the project. However, the contents of the post are about website we have designed. Therefore, the online website needs to be finished soon.
3. Audit presentation.
Audit presentation 3 is in week 10, a basic website with administer function needs to be reported, during the presentation. Therefore, completing the basic website will be our priority task.
