## Agenda & Discussions:

1. Database section report.  
Database section tables can store, but have some problems on storing multimedia files.
2. Back-end section report.  
We decide to use Django own administrator page for our project administrator page.
3. API section report.  
Our team will spend most of time focus on API in the next week.
4. Front-end section report.  
The homepage had been designed, but it still has some connecting problem with the API.
5. Next week client meeting.  
25 April Thursday
6. Everyone spends about first 10 mins talk about what they had done for during the teach break and our client help us set a delivery goal for the coming week which is complete our project API section.
